WINTER COMES TO AID OF HARD-PRESSED BOLSHEVIK

Gen. Yudenitch's Army Reported Losing Ground Before Defence of Petrograd

Gen. Denikin Doing His Best to Drive Northward, to Aid Northern Ally

(A. P. Special Cable) Paris, Oct. 28.—A wireless report from Bolshevik military headquarters, picked up by the station here, reports that the counter-offensive against Gen. Yudenitch in the vicinity of Petrograd, has been successful. It further reports that General Denikin, who is operating 150 miles southward of Orel, from General Denikin.

General Denikin's main line is moving toward the aid of Bolshevik troops in Petrograd, and the ability of Gen. Yudenitch to hold his northern capital before cold weather puts an end to his campaign seems doubtful. So far he has succeeded in repelling a Russian army, which had advanced against the north-west, a Russian army, which had succeeded in recapturing Tsaritsyn, southeast of Petrograd, and appears to be in a position to prolong the defense of the city for an indefinite period.

Sons of 18th century soldiers in the ranks of Gen. Denikin's army, and to have fled to Petrograd from Moscow, and it is believed they formed the main portion of the red forces, which "haven't what," appears to be in retreat. Gen. Denikin's troops are reported to have fallen on the front south of Petrograd, but unofficial reports

would seem to indicate they have moved nearer Petrograd on the line running from Gathina to Krasnaya Gorka. It is said the town of Gatchina, on the Neva, has been taken from the Bolsheviks.

Furious fighting is going on in and around Kiev, where Gen. Denikin's forces, at some points the Denikine troops have been forced to retire slightly.

Lenin's troops are however maintaining their control of the right bank of the Duna River.

Constantinople, Monday, Aug. 29.—The campaign for Petrograd has been a week long, and the German offensive has been more westerly front, and possibly may lead to a transfer of the German forces from the front to Kiev. Governor Gubarev indicated by a memorandum, dated yesterday, that the Bolsheviks were west of Kiev by a movement from the south.

General Denikin's main line is moving toward the aid of Bolshevik troops in Kiev, and along the line to Tsaritsyn, with his actions at Orel and elsewhere comprising cavalry raids for the most part. The Bolsheviks were still holding the Orenburg railroad into Afghanistan.

Just now the rear of General Denikin's

line is everywhere disturbed by the arrival of many half-frozen friendly populations, replete with propaganda that he re-establishes the Ukraine or says this or that other reason for his revolution. The reason General Petrun, the Ukrainian leader, is opposing him with such energy is declared, of Roumanians, who desire to secure Bessarabia for their country.

UNION CABINET LOSING GROUND

Montreal Gazette Talks Plainly to Ottawa.

Oust Weak Members, End the Session.

(Canadian Press Wire) Montreal, Oct. 28.—By the election of the Conservative (Conservative) this morning says:

"Coming after the Ontario election of last week, this victory is significant as indicating that the political union is widespread, and that both Conservative and Liberal parties are like-minded in their desire to have a strong Government, while it carried the country two years ago, did not create confidence in the public mind, but rather mind strong enough to maintain it. For Ministers and those who advised them, it is a warning, and it should seriously consider the situation, as it affects their policy, present and future. They should realize that they thought those are moving on to defeat, which will be hastened by recent events, east and west, unless they pull together again, some of the old weak timber is thrown out, and a Cabinet that commands the confidence of the country and a majority of the people, and a government of conservative measures as are needed to carry it through the coming term of trial, with some regard to financial strength for future needs. And the first thing towards such ends should be the promotion of a strong, patriotic, and efficient government, the country and impressing each of its chances of maintaining itself in the event of a general election."

The Firestone people have been keen competitors in Canada, the Goodwood company having recently moved to Toronto, where they are enjoying exceptional taxation and a very large business.

Under these circumstances, I believe the terms of the present by-law are quite moderate and that it will be a splendid addition to the municipality to enter into.

THE DIFFERENCE

Sherman Avenue Benefits by Temperance.

If any one doubts the benefits of prohibition, it would be well to take a stroll down in the northeast section of the city of a Sunday, and compare it with the same section on a day when a raid was made this morning by Inspector Cruckshank. Prior to the O. T. O. coming into force, there was no day of all-fightings for the foreigners in that district, and Sherman avenue was especially noted for its Sabbath day revelries. It is the opinion of most of that the Sherman avenue police station was erected, and a permanent force established. Now, however, everything is changed. Now, that is all changed, and with the exception of an occasional raid on a Blundell's, or a few others, there is no longer any foreigner on Sherman avenue north where formerly three constables patrolled the beat north of Barron street. John is a softie, and even he thinks that he has a soft time, compared with the old prohibition "booz and bathe" days.

DUTY OF EVERY RATEPAYER IS TO VOTE "FOR"

Firestone By-law Before Barton Property Owners On Monday Next.

ADAM INCH SPEAKS

Gives Many Sound Reasons Why the By-law Should Be Carried.

In the excitement of the visit of the Prince of Wales, followed by the election and all that has attended it, not much attention has been paid to an important by-law, a good deal to the commercial prosperity of the city and vicinity. On Monday next the voters of Barton township will have an opportunity of expressing approval of an excellent by-law, introduced by the township with the Firestone Tire and Rubber Co.

The popularity in the widely-read newspapers and magazines, something is known all over the continent of the operations and magnitude of this real estate development.

Adam Inch, a former reeve of Barton, and a lifelong resident, is a most convincing speaker, and his speech "It will be the greatest asset imaginable in no time," said he. "I have been looking into the history of this company and some of its accomplishments. It is a remarkable story, and Canada is fortunate indeed in this time to have the company securing an interest in a trial concern that has advanced so far in solving social and labor problems."

"At Akron, Ohio, there are 7,000 Firestone employees, 90 per cent of whom are owners in the company. Last year, the total sales of this concern exceeded \$100,000,000. This enormous business is ever increasing in evidenced in the statement that the sales for last August were over \$10,000,000."

"This is but an illustration of the magnitude of the company that will do us all good in Canada and throughout the world."

"Representatives of the company have assured me it will not be long until the company will have a plant in the building that five thousand employees will be engaged, perhaps twice the number now employed in any factory in the entire district."

"What appears to me particularly in supporting the proposal to make an amendment to the by-law is the fact that the company have for square dealing and for vigorous, sterling business methods."

"We should welcome the opportunity to act in actual operation conditions, and I am sure that the company will be a credit to the community, and will add greatly to the prosperity of the city."

"Coming after the Ontario election of last week, this victory is significant as indicating that the political union is widespread, and that both Conservative and Liberal parties are like-minded in their desire to have a strong Government, while it carried the country two years ago, did not create confidence in the public mind, but rather mind strong enough to maintain it. Still Hope to Avert the Soft Coal Strike

(Canadian Press Wire.)

Washington, Oct. 28.—Officials to-day pinned their hope of averting the strike of bituminous miners, called for Saturday, on the meeting to-morrow, in Indianapolis, of the executive board of the United Mine Workers of America.

Study of union by-laws, officials said to-day, revealed that the executive board has power to call off the strike, or at least to order a postponement. Should President Wilson's appeal to the miners be heeded to the extent of a postponement, officials here are of the opinion that the strike will be averted, for a postponement would be certain to bring with it negotiations for a new wage agreement.

Cut Out Milk Delivery on Sundays In Winter

Quite an able-bodied actress has just sold to carefully considered, details, them, have been love for Sunday work, for it necessitates their being open and available to be on hand all Sunday morning.

"It is proposed to do away with Sunday delivery of milk in the city. Ottawa has adopted a similar system, and it has been highly satisfactory, and many western cities and towns, both in Canada and the United States, have followed suit.

Of course, the plan applies only to the winter months, when it is easy to keep milk perfectly fresh.

"In the milk trade, and for Hamilton, there are hundreds of men employed, most of whom married, and with whom who work Sunday, day to day, to earn a living. They work Sundays, holidays, and every other day and never gain a chance to have a rest, and after a hard day's work they do not feel in form for attending services on Sunday evening, especially as they are not very popular. Men are married,

The men themselves, especially the drivers, have voted their grievances, the cutting out of Sunday delivery was one of the chief causes of a recent near-strike. At that time the men were promised that the sub-

SMALL ACCIDENTS

Autos Mixed Up in All of Them.

Numerous small accidents occurred yesterday, but the following were very much in the minor class.

An auto driven by H. M. Hart, R. H. No. 1, and a man of about 40, was struck by a car from the rear at the corner of Main and East avenue.

The auto of James C. Landen, 162 Dundas street, was also struck from the rear, M. Mullens, 323 Victoria avenue north, driving the second car. That caused the collapse of Victoria avenue and Main street.

While driving on the Highway near Burlington, Louis Bennett, 107 Main street, struck by another car.

Two autos were badly damaged when they collided at the corner of Dundas and Garfield avenues. They were driven by D. J. A. Dickson, 120 Dundas street, and by Mr. Thompson, 88 Melrose avenue.

Roy Male's car collided with another, driven by W. H. Kay, 100 Main street, Jackson heights. Both cars were damaged.

An auto owned by Ward Brothers, and driven by William Ward, was run into by another car at the corner of John and Barton streets, no damage was done.

A small boy, riding a bicycle, was knocked down by an auto, driven by Alfred J. Charlton, 10 King street, near Ashby. The boy was not injured.

It is circumstances and proper measures that can give an action its character, and make it either good or bad.

TEN DROWN WHEN BOAT HITS PIER

City of Muskegon Sank in Four Minutes

When Making Home Port in Storm.

(Canadian Press Wire)

Muskegon, Mich., Oct. 25.—Ten persons lost their lives this morning when the Crosby liner City of Muskegon, formerly the City of Holland, while making her home port here.

The boat sank in the middle of the lake, the south pier at Muskegon Channel, and was smashed to pieces, sinking in four minutes.

Three of the victims were passengers, the others being members of the crew. There were about 25 passengers aboard, but the vessel lay against the pier so tight that none of them was able to make their way to safety.

Jackie Miller, 1600 Main street, Captain Edward Miller decided it was safer to attempt to make the harbor than to remain at the pier, so he and his wife, Mrs. Miller, 1600 Main street, got into a boat and started across the channel to the craft against the end of the pier.

THE OPPOSITION STILL FIGHTING THE G.T.R. DEAL

Hon. Mr. Fielding and Mr. Rowell Stir Up the Debate.

TWO AMENDMENTS

Liberals Want Agreement to Be Presented to Parliament.

Oct. 27.—After dragging out many hours on the Grand Trunk Bill, the Commons suddenly became interested in the proposed acquisition of the C. P. R. Hon. S. W. Fielding and Hon. S. W. Rowell crossed swords.

The very man from Nova Scotia charged that the Government was wasting thirty million dollars in trying to buy the railway, and more strenuously in the Government's action, as Mr. Fielding claimed. Moreover, it would be a crime if the C. P. R. is permitted to gobble up the Grand Trunk and get a stranglehold over the West, as they had on Manitoba and the West twenty years ago, when their policy produced a small-sized railway.

No matter what the motives of the Opposition were, their point of attack was right. "The Navigation Bill and give the C. P. R. a railway monopoly," said Mr. Rowell.

The Grand Trunk Company accepted the cash offer of \$2,500,000; it

would do exactly what the Government is now doing; it would pay in four years, four years' rent to the guaranteed stockholders.

MADE CASH OFFER

The President of the Council reported that the former Finance Minister had conjured up a budget and made out a balance sheet more monstrous in the Government's action, as Mr. Fielding claimed. Moreover, it would be a crime if the C. P. R. is permitted to gobble up the Grand Trunk and get a stranglehold over the West, as they had on Manitoba and the West twenty years ago, when their policy produced a small-sized railway.

The Government's motives, the road is safe, and that we are safe in assuring this interest. We offered cash. The Grand Trunk refused our offer. The Company offered these millions at the end of three years, and £2,500,000 after that, in perpetuity. The Grand Trunk quite agreed to this condition. The present method does not add one dollar to the cost of the road, and the government acquisition of the road may have an effect of depreciating the stock, but that does not affect the stock price. The stock will always go for the road. As a matter of expediency, we could have agreed to arbitration, but as we believe all the stocks are worth that amount, at least, we are safe in assuring the people of Canada that the amount should be appreciated. The guaranteed stock is a farce, and the Government has taken the position that the Grand Trunk Railway, which has lived and feeders in a state of decay, will pass into the hands of the C. P. R. without a murmur from the Opposition.

My hon. friend was right, but the only cause of the existence of the Grand Trunk is the National Transcontinental Railway is the existence of the old Grand Trunk with the line of world-wide distribution. The sale of the Grand Trunk Pacific from the Grand Trunk Railways would be a national calamity. No one can say that the road will take the Grand Trunk Pacific with it.

SCORES LIBERAL POLICY

I care not what the motives of my hon. friends opposite may be, but the adoption of their policy would make public ownership a certainty. The road would be a curse to this country in the loss of millions of dollars. This railway was never built, but if it had been, it would face to Ontario and Quebec the conditions which the people of Manitoba and Western Canada faced in the early days when the West was held in the grip of one railroad corporation, and was throttled in such a manner that it brought about an incipient revolution.

The Government is fighting the battle of the people of Canada to give them a fair chance for control in the operation of railways and railway rates.

OPPOSITION AMENDMENTS

Amendments offered by the Opposition—One demanding that the agreement of purchase be submitted to Parliament before being ratified, and the other that the terms of the guaranteed stock of the Grand Trunk—submitted in arbitration—should be crushed by the Government—were crushed by the Opposition.

Announcement was made that the Government will acquire all the Grand Trunk holds in Canada, except as far as Lake Superior, the lakes and the Port Garry at Winnipeg, when it takes over the railway.

The bill may not be sent on to the Senate for another day or two, as the Opposition is quietly obstructing its passage through the Commons, which would be done if the Government forced it through by the closure. Thus Parliament will not be able to finish up this week, as there are two bills to be considered, and soldiers' civil establishment bill. The report of the special committee on the Grand Trunk bill is 20,000 words and will not be ready for submission to the House for a week.

DETAILS FROM G. T. R.

The House adjourned on Saturday night, and the Grand Trunk Bill immediately after routine this afternoon. Hon. Dr. Reid, Minister of Railways, announced the Opposition, when asked for statement, that T. H. King, president of the G. T. R., had given his obligations to the Government, by answering that he could get the day off from work. Hon. Dr. Reid, Minister of Railways, wanted to know if the Government contemplated taking over the Grand Trunk hotel.

such as the Chateau Laurier at Ottawa.

Dr. Reid.—Yes. We are taking over all the hotels.

Mr. King.—Then you are going into the hotel business?

Dr. Reid.—The hotels are part of the railway system, so we are already operating hotels which formerly belonged to the C. N. R. The proposed agreement to be made with the Grand Trunk should be submitted to Parliament before the closure.

Mr. Rowell.—No, we are taking authority by this bill to go ahead and make the agreement without referring it to Parliament.

Mr. King.—So you are asking Parliament to hand over its prerogatives to the Cabinet to retain the control of expenditures? Therefore, there is no amendment that "this agreement shall be submitted to and be subject to ratification by the Parliament of Canada."

MAJORITY OF 22

This brought a score of Government members from Room 16 in response to the Whipping speech of Mr. Jones, and the amendment was promptly thrown out by a vote of 43 to 22.

You have just refused to the people of Canada the privilege that Sir Alfred Smither secured for the Canadian Pacific when he observed Mr. James J. Robt. Liberal

"Hon. gentlemen opposite who have voted their rights and privileges which Sir Alfred Smither reserved for the G. T. R. shareholders."

Another amendment was intro- duced, however, by Hon. Mr. J. J. Denis, of Justice, Quebec, to the effect that law which fixes stock prices should be arbitrated instead of only four. He told the people of Canada should be arbitrated instead of only four. But he did not insist upon this amendment.

The point raised in this amend- ment was that the Canadian people are in the drags, in my opinion, declared Hon. W. S. Fielding. One man and eight others demand a fourth of the fair value to be submitted to all the uncertainties of arbitration. There is greater danger in this than in the proposal of Mr. Springfield (R. L. Richardson), con- fessed the other day, that he was concerned over the feature of the transaction. But he did not insist upon this amendment.

He told the people of Canada should have the opportunity of securing the agreement. We are told to-night by a member of the Government that the proposal made by Mr. Springfield (R. L. Richardson), con- fessed the other day, that he was concerned over the feature of the transaction. But he did not insist upon this amendment.

A MONSTROUS THING

That stock had a market value a short time ago of 40 to 50. Now we are making it a market value and guaranteeing it to investors at four per cent upon it. That guarantee makes the stock worth \$1 to \$10 even though it is not worth \$1 to \$10 to make it worth twice as much as it was a month ago. It is a monstrous road to be held by the Government.

A MONSTROUS THING

That stock had a market value a short time ago of 40 to 50. Now we are making it a market value and guaranteeing it to investors at four per cent upon it. That guarantee makes the stock worth \$1 to \$10 even though it is not worth \$1 to \$10 to make it worth twice as much as it was a month ago. It is a monstrous road to be held by the Government.

INCORRECT, SAYS MR. ROWELL

The honorable gentleman has conjured up a great bugaboo, replied Hon. Mr. Rowell. "It is incorrect in his construction. It makes no difference to us whether the whole of the compensation goes to the holders of the stock or to the holders of other stocks. If we made a cash offer to-day of \$2,500,000, and the holder of that cash could be paid in the holders of the four per cent guaranteed stock, because that guaranteed stock takes priority over all the other stocks.

SCORES LIBERAL POLICY

My hon. friend was right, but the only cause of the existence of the Grand Trunk is the National Transcontinental Railway is the existence of the old Grand Trunk with the line of world-wide distribution.

The sale of the Grand Trunk Pacific from the Grand Trunk Railways would be a national calamity. No one can say that the road will take the Grand Trunk Pacific with it.

SCORES LIBERAL POLICY

I care not what the motives of my hon. friends opposite may be, but the adoption of their policy would make public ownership a certainty. The road would be a curse to this country in the loss of millions of dollars. This railway was never built, but if it had been, it would face to Ontario and Quebec the conditions which the people of Manitoba and Western Canada faced in the early days when the West was held in the grip of one railroad corporation, and was throttled in such a manner that it brought about an incipient revolution.

The Government is fighting the battle of the people of Canada to give them a fair chance for control in the operation of railways and railway rates.

OPPOSITION AMENDMENTS

Amendments offered by the Opposition—One demanding that the agreement of purchase be submitted to Parliament before being ratified, and the other that the terms of the guaranteed stock of the Grand Trunk—submitted in arbitration—should be crushed by the Government—were crushed by the Opposition.

Announcement was made that the Government will acquire all the Grand Trunk holds in Canada, except as far as Lake Superior, the lakes and the Port Garry at Winnipeg, when it takes over the railway.

The bill may not be sent on to the Senate for another day or two, as the Opposition is quietly obstructing its passage through the Commons, which would be done if the Government forced it through by the closure. Thus Parliament will not be able to finish up this week, as there are two bills to be considered, and soldiers' civil establishment bill. The report of the special committee on the Grand Trunk bill is 20,000 words and will not be ready for submission to the House for a week.

DETAILS FROM G. T. R.

The House adjourned on Saturday night, and the Grand Trunk Bill immediately after routine this afternoon. Hon. Dr. Reid, Minister of Railways, announced the Opposition, when asked for statement, that T. H. King, president of the G. T. R., had given his obligations to the Government, by answering that he could get the day off from work. Hon. Dr. Reid, Minister of Railways, wanted to know if the Government contemplated taking over the Grand Trunk hotel.

Secret Practices Will Be Indulged in By the Jungle Kings This Week

Gates Will Be Closed to Railbirds--Tickets For Game Go on Sale Thursday--Rugby Gossip

Aside from the injury to Ross Craig, Tigers came through Saturday's game minus injuries, so Coach Barron will have no trouble in getting his Argos this week. To-night the boys will get down to hard practice and an off-day will make it possible for the players and club officials on the outside of the H.A.A.F. field. Assistant coach, Tom McEvitt, has a set of signals for the Argo game and for the next three nights, the team will work out. Friday night he has the men for the chalk talk at the Tiger club rooms.

Ross Craig will be back in time on Saturday, but it is doubtful if Coach Barron will use him until the second half. He can run fast, but cannot run into shape fast, and should be able to go the entire distance again. Montreal one week later.

Argos fear most that nothing is being left undone in order to get the best men in time to send against them. The work of McFarlane and Leslie against Craig was well planned by Coach Barron who has decided to send them in against Argos with "Chicken" McElveen to steady them.

Pencils will be used against Argos, but it is doubtful if the diminutive outside wing will be sent in to start the game. Coach Barron is well satisfied with the work of McEvitt, one of this party. Goi should be elected for the Rovers on the outside of the field.

BANNED PAPERS IN HIS STORE

Police Arrested Samuel Arouet Yesterday.

Careless Employee Pays for Damage Done.

Samuel Arouet, who was arrested yesterday by Detectives Chamberlain and Crocker, on a charge of breaking and entering, was held this morning in police court remanded until Saturday. The police visited a store at 11 Main Street early Saturday morning and found a number of copies of banned papers. In all there were six copies of the Rabochets Nard, twelve copies of the Canadian Forward, and thirty-seven copies of the New York Tribune. Some of these were found in the shop, as if they had been put there for sale. The foreign papers are printed in Ukrainian.

"If you are living with your husband, this charge cannot be pressed," said Detective Mr. Thomas May Henick, who accused his husband of failing to support her. She claimed that he had given her no money for this purpose, as he was as they occupying the same house as cannot be charged with non-support.

The case involved a sum of wages, preferred against C. R. McNichol, Main street east, by Forest C. Lecocque, who had expressed his desire that his employer be paid \$15. His employer stated that on account of neglect on the part of Smith, of the fact that he was not paid his wages, and the money was kept back to pay for this. On this count the case was dismissed.

Charles Smith, who was charged yesterday morning with the theft of a suit of clothes and a tie pin from the Salvation Army Store, was held to go. He is a returned soldier, and the Government employment agency has secured the man a job, and he is promised to be employed.

Charles, with threatening to do bodily harm, James McKay, of the Grant Garage Company, was remanded, as he was unable to leave town.

Two soldiers were charged with drunkenness. Frank Bowden, who was fined \$10 on a plea of guilty, but as Edith Lake was overseas, he was allowed to go free.

NEW COMPANIES

Three of Them Gasetted for Hamilton.

A proprietorial charter has been issued to the Guelph Realty Company, the promoters of which are Norman Ellis and the law firm of Lange and Binkley.

The incorporation has been granted to the Northern Ontario's Great Mine Developers Limited, a company with a capital of one million dollars, and head office in Hamilton.

A proprietorial charter has also been granted to the Bull Dog Laundry Company, Limited, of Hamilton.

Regarding Winter Overcasts

It has been the tendency of the last few years to have more winter overcasts do in place of buying new clothes. This must account for the number of shabby dressed men seen on the streets these days, and every man likes to be well dressed and the only reason for wearing old clothes is the saving of money. It is a big waste of money must be paid out for a new one. Let us clear these thoughts up once.

It is Not Necessary To Pay Big Money For A New Coat This Winter because regular men have overcoats so low as twenty dollars and fifty cents and for around twenty-five or thirty dollars can get a good coat. Several dealers who are leaving town are joining the discounters.

Hallowe'en Novelties

We have still an excellent stock of Hallowe'en Decorations and Novelities.

Dennison's Crepe Paper is shown in garlands decorated and plain styles. We have cut out all kinds of pictures, including witches, owls, cats, etc., in many styles.
